To Whom It May Concern

Dear Sirs

RE: Manchester Maccabi Community & Sports Club.

I am writing in my position as Project Manager of the above building programme which comprised in the erection of a 900 square metre clubhouse, all weather football facility and the creation of professional quality grass playing area.

This project commenced in September 2005 when H H Smith were appointed as contractors. As Project Manager my contact has been via Dave Smith when negotiating the contract and through Rob Smith, who has been my contact on a day-to-day basis.

The contract is coming to a conclusion and I am pleased to say up to the current date that we have been very happy with the quality of the work and also the contractors attitude in dealing with the day-to-day issues which arise from a contract of this size.

In broad terms they have generally hit all the required targets and where this has not been possible we have been given plenty of notice in order that we can make appropriate arrangements. Site meetings were held on a monthly basis and were generally amenable, constructive meetings.

I must also comment that in my opinion the direct staff of H H Smith and their sub contractors have always been good to deal with as issues arose.

I would have no hesitation in recommending H H Smith for a similar sized project.

Please note that this reference is given in good faith and that no reliance can be made upon for contractual purposes.

Your sincerely
