

# Holy Cross College 'Templeton House'

H.H. Smith & Sons Co Ltd

## The Brief

H.H. Smith were selected to construct a new 3 storey teaching block to compliment existing traditional college buildings. Works included classrooms, service rooms, a Chapel and external works.

## Key Points

This phase of work further endorsed H.H. Smith as a Contractor of choice for Holy Cross College who have worked together collaboratively for in excess of 10 years. All contracts have been awarded through competitive tender to support best value.

## Challenges

The College remained occupied throughout the construction period requiring consideration for college users and visitors. The scheme required bespoke masonry and stonework, and all windows and mansard roofing was designed to compliment the existing buildings.
